Att ronda datorn...

Integritet

A group of four healthcare professionals are gathered in a meeting room. Three women in blue scrubs are seated in a semi-circle, looking at a document held by one of them. A man in a blue shirt is seated across from them, also looking at a document. The room features a large whiteboard with colorful sticky notes on the left, a desk with a computer monitor in the background, and a window letting in natural light.
